Get into the car  
Turn the radio up real far  
To shut the noise  
So I can hear my voice  
There's a party on down the street  
But nobody invited me 'cause I got a gig  
Babysittin' my uncle's kids  
Why me?  
Whoa is me?

Don't they know that I'm a hip hop queen  
A rock and roll dream  
It's all bling bling  
I'm the star on the scene  
Yeah, check me out  
See what I'm all about  
I'm the one that you want, the one you can't have  
The girl that you call that doesn't ever call back  
Just look at me  
I've got everything

But then I woke up

I was lying on the couch, drool comin' out my mouth  
Turned on the t.v., Dr. Phil won't you please fix me  
Waiting for the phone to ring, flipping through a  
magazine  
Why doesn't he call?  
Guess I'm the loser down the hall  
Why me?  
I just want to sleep

Don't they know that I'm a hip-hop queen

A rock and roll dream  
It's all bling bling  
I'm the star on the scene  
Yeah, check me out  
See what I'm all about  
I'm the one that you want, the one you can't have  
The girl that you call that doesn't ever call back  
Just look at me

I've got everything

But then I woke up  
I like living in dream  
It's everything it's supposed to be  
Listen to me scream  
It's a holiday from me  
It's all just kickin in  
And this is where I begin  
Just being me  
But it's okay to be me

But it's fun to be a a hip hop queen  
A rock and roll dream  
It's all bling bling  
Yeah baby ka-ching  
Come check me out  
I'm bringin down the house  
I'm the one that you want and now I'm heaven sent  
I'm a little Lynyrd Skynyrd  
And a little 50 Cent  
Just look at me  
I had everything

But then I woke up  
I woke up  
I woke up
