Wakin' up in my back seat
This old run down Camery
Is more like my home
Don't wanna be in that apartment
With your left over cloths
Folded on my bed

So I never stay long
I'm here then I'm gone
I never know when I'll be back again

Maybe someday I'll find my way
Out of in between
To where I'm going
Things never work out the way that I planned it
So I'm stuck between
Where I am
And where I'm going

(Hey)
Where I am and where I'm going
(Hey)
Where I am and where I'm going

I ain't got much to call my own
I've got my little ash tray and my stereo
So you can take whatever you want
Cus you've already thrown it all away

So I never stay long
I'm here then I'm gone
But this time I won't be comin' back

Maybe someday I'll find my way
Out of in between
To where I'm going

Things never work out the way that I planned it
So I'm stuck between

I hate it
23 so complicated

I'm wasted
Don't know how much longer I can take it
I hate it
When everything is so complicated
I'm stuck here
Between where I am
And where I'm going

(Hey)
Where I am and where I'm going
(Hey)
Where I am and where I'm going

Maybe someday I'll find my way
Out of in between
To where I'm going
Things never work out the way that I planned it
So I'm stuck between
Where I am
And where I'm going

(Hey)
Where I am and where I'm going
(Hey)
Where I am and where I'm going
(Hey)
Where I am and where I'm going
(Hey)
