I've been down with a smile
And a bottle of alcohol
Like a freight train out of my head
One foot in the grave one foot jumpin' out a bed
I've been dirty I've been clean
I always seem to rip a new pair jeans
My right hands holding a four leaf clover
The left one hits me over and over again

Every morning when I wake up
I smear my eyes with last nights make-up
Walk out the door for another day
Another day in the life
In the life of me
In the life of me

I've been blond I've been bruised
And my souls to young to be singin' the blues
You can cover me in mud
Shelter me with love
I'm an angel but I'm a brat
Five bucks in my pocket's all I ever have
Some days I feel just like a beauty queen

Or I change a million times cus I just don't feel so pretty

Every morning when I wake up
I smear my eyes with last nights make-up
Walk out the door for another day
Another day in the life
In the life of me
In the life of me

I've got a good luck pendant hangin round my neck
Not a day in my life that I regret
Cus I'm here today
I'm young and I'm free

Every morning when I wake up
I smear my eyes with last nights make-up
Walk out the door for another day
Another day in the life

In the life of me
In the life of me
