I'll share my world with you everything that I own
My earthly possessions there's no good if I'm alone
Let me bring you the sunshine when it's fresh with
morning dew
Can't you see that I'm waiting to share my world with
you
I'll share my world with you if you'll be mine alone
I'll give you a new heart you're the only love it's known
Let me give you my two arms they'll be happy if you do
Can't you see they are waiting to share my world with
you
[steel]
I'll share my world with you everything that we'll see
Divide all the memories one for you and one for me
Let me give you my two lips they'll be smilin' if you do
Can't you see they are waiting to share my world with
you
