If you can find it in your heart to just forgive
I'll come back and live the way you wanted me to live
All I want is just to be your girl
Please come and get me and take me to your world
Take me to your world away from barrooms filled with
smoke
Where I won't have to serve a drink or hear another
dirty joke
All I want is just to be your girl
Please come and get me and take me to your world
[strings - piano]
Take me to your world away from home the things I've
heard
Where people say I love you and love is not a dirty word
All I want is just to be your girl
Please come and get me and take me to your world
Please come and get me and take me to your world
