All I do is dream of you all night through
With the dawn I still go on and dream of you
You're every thought, you're everything
Every song I ever sing
Summer , winter
Autum and spring

And with the moon and 24 hours in a day
They'd be spent in sweet content
Just dreaming away
And skies are gray skies are blue
Morning noon and night time too
All I do is dream of you
The whole night through

And with the moon and 24 hours in a day
They'd be spent in sweet content
Just dreaming away
And skies are gray skies are blue
Morning noon and night time too
All I do is dream of you
The whole day through
