I love the east, I love the west
North and south, they're both the best
But I only want go there as a guest
'Cause I love being here with you

I love the sea, I love the shore
I love the rocks and what is more
You and they never be a bore
'Cause I love being here with you

Singing in the shower, laughing by the hour
Love is such a breezy game
I love all kinds of weather as long as we're together
I love to hear you say my name

I love good wine, fine cuisine
Candle light I love the scene
But baby, if you know just what I mean
I love being here with you

I love Ella singing, the Basie's band was swinging
'Cause that's something else you know
They know how to play it, they know how to say it
They just wind it up and let it go

I love the thrill of Paris show
I love to kiss you on your nose
Just when you see before I close up
I love being here with you

I love being here with you way down, baby
