I'm pulling through and it's because of you
When I was stranded came your helping hand
Lonely, hurt I had not known which way to turn
'Til you said, "Try smiles, not tears, just laugh and
learn"

I'm pulling through and it's because of you
You made me see how lovely life could be
Lifted up my heart and made me count the cost
To find I'd gained, not lost

When I thought that hope was really gone
You showed me I was wrong
And you taught me how to carry on
Thanks for the lift in time and thanks for your song

I'm pulling through and it's because of you
I'd do the same for you if your turn came
Hope it never will
For I've been through the mill

I won't forget this debt
I'm pulling through

When I thought that hope was really gone
You showed me I was wrong
And you taught me how to carry on
Thanks for the lift in time and thanks for your song

I'm pulling through and it's because of you
I'd do the same for you if your turn came
Hope it never will
For I've been through the mill
I won't forget this debt
I'm pulling through
