The angels are crying, they are shedding their tears,
that's why the rain falls from the sky.
The storm will pass away, there'll come a brighter day,
so cheer up now and dry your eyes.

Let it rain, let it rain, let it rain.

Let the love in your heart remain.
Though the dark clouds make you blue and we haven't
much it's true,
still I'm lucky to have someone like you.

Let it rain, let it rain, let it rain.

But I know we'll be happy again, we shouldn't worry
about the weather,
just so long as we're together.
Let it rain, let it rain, let it rain.

Let it rain, let it rain, let it rain.
Let the love in your heart remain.
Though the dark clouds make you blue and we haven't
much it's true,
still I'm lucky to have someone like you.

Let it rain, let it rain, let it rain.
But I know we'll be happy again, we shouldn't worry
about the weather,
just so long as we're together.

Let it rain, let it rain, let it rain.
Let it rain, let it rain, let it rain.
Let it rain, let it rain, let it rain.
