Your lips were like a red and ruby chalice
Warmer than the summer night
The clouds were like an alabaster palace
Rising to a snowy height
Each star its own Aurora Borealis
Suddenly you held me tight
I could see the midnight sun

I can't explain
The silver rain that found me
Or was that a moonlit veil
The music of the Universe
Around me
Or was that a nightingale
And then your arms miraculously found me
Suddenly the sky turned pale
and I saw the midnight sun

Was there ever such a night
It's a thrill
I still don't quite believe

But after you were gone
There was still some
Stardust on my sleeve

The flame of it may dwindle
To an ember
And the stars forget to shine
And we may see the meadow in December
Icy white and crystalline
But oh my darling always I'll remember
When your lips were close to mine
And we saw the Midnight Sun
The Midnight Sun
