I only want, what's the best thing for you
And the best thing for you, would be me
I've been convinced, after thinking it through
That the best thing for you would be me

Everyday, to myself I say
Point the way, what would it be

I ask my myself, what's the best thing for you
And myself and I seem to agree
That the best thing for you would be me

Everyday, to myself I say
Point the way, what would it be

I ask my myself, what's the best thing for you
And myself and I seem to agree
That the best thing for you would be me
