Ooh, I was created for you  
So glad that I've waited for you

All night lover  
Use your magic power  
You can thrill me  
All night lover  
Thrill me by the hour

Every time you hold me  
You just about control me  
For so long, so strong  
I'm gettin' weaker

Each night with you  
Is like a beginning  
Ooh, renew me, do me  
Send that lovin' feelin' right through me

All night lover  
You light the fire  
All night lover  
Lovin' never tires

I don't wanna sleep now  
I got too much to keep now  
I dream, my dream  
When I'm wide awake

I can't believe the way you move me  
You shake me, you take me  
You don't know how happy you make me

Ooh, I was created for you  
So glad that I've waited for you  
More and more you, I adore you

All night lover  
Use your magic power  
You can thrill me  
All night lover  
Thrill me by the hour

Every time you hold me  
You just about control me  
Ooh, renew me, do me  
Send that lovin' feelin' right through me

All night lover, oh, you light the fire  
Baby, baby, all night lover  
Thrill me by the hour

You can thrill me  
All night lover  
Use your magic power  
I can't believe  
All night lover

You can thrill me  
All night lover  
You can move me  
You can groove me

All night lover  
Use your magic power  
Oh, stroke my fire  
All night lover
