Always and forever, each moment with you
Is just like a dream to me that somehow came true
And I know tomorrow will still be the same
'Cause we've got a life of love that won't ever change
and

Every day love me your own special way
Melt all my heart away with a smile
Take time to tell me you really care
And we'll share tomorrow together
(Always, forever love you)
I'll always love you forever, forever

There'll always be sunshine when I look at you
Something I can't explain, just the things that you do
And if you get lonely call me and take
A second to give to me that magic you make and

Every day love me your own special way
Melt all my heart away with a smile
Take time to tell me you really care
And we'll share tomorrow together
(Always, forever love you)
I'll always love you forever

(Always, forever love you)
Ever loving you is the thing that I've planned
For a very long time
Me and you, you and me we as one loving you

For a very long time, loving you
(Always, forever love you)
Hey, is the thing that I met
(Always, forever love you)

Forever and the day is the thing that I've planned
(Always, forever love you)
For a very long time, loving you
(Always, forever love you)
For a very long time
