Every day is a new day
Since you went away

(Since you went away)
Since you went away from me
My whole life has made a change
(Made a change)
Every day's a new day and I see
It was best for you and me

Since you went away from me
My whole life has made a change
Every day's a new day
(Every day's a new day)
Since you went away from me
(Since you went away)

You were my comfort zone
I depended on you for everything
I wanted in my life, yes I did
But now that you're gone
I'm doing just fine without you
How I bless the day you went away

Now I have a song inside
(Inside)
The birds sing to me
I finally can be
Free to spread my wings in harmony

Now the sun shines on me
(On me)
I have been set free
To collect my thoughts and jot them down
All this happiness I've found
Since you've been away

Since you went away from me
My whole life has made a change
(Made a change)
Every day's a new day and I see
It was best for you and me

(It was best for you and me)

Since you went away from me
(Yeah)
My whole life has made a change
Every day's a new day
Since you went away from me
(Since you went away)

It may sound crazy, but I forgive you
And want the best for you
The circumstances came my way

Now I've learned to do for myself
And all the things I thought
That you would do for me
Like leaving me alone to go for my own
When you're not at home, I'm glad you're gone

Now I have a song inside
(Inside)
The birds sing to me
I finally can be
Free to spread my wings in harmony

Now the sun shines on me
(On me)
I have been set free
To collect my thoughts and jot them down
All this happiness I've found
(Since you went away)

Since you went away from me
(Since you went away)
My whole life has made a change
Every day's a new day and I see
(Everyday)
It was best for you and me
(Since you went away)

Since you went away from me
My whole life has made a change
Every day's a new day
Since you went away from me
(Since you went away)

Since you went away from me
(From me)
My whole life has made a change
Every day's a new day and I see
It was best for you and me

(How I bless that day)

Since you went away from me
My whole life has made a change
Every day's a new day
Since you went away from me
(Since you went away)

Every day

Since you went away from me
(From me)
My whole life has made a change
Every day's a new day and I see
(Every day)
It was best for you and me
(Every day)
(Since you went away)

Since you went away from me
(Yeah)
My whole life has made a change
Every day's a new day
Since you went away from me

Since you went away from me
(From me)
My whole life has made a change
Every day's a new day and I see
It was best for you and me
(It was best for you and me)

Since you went away from me
My whole life has made a change
Every day's a new day
Since you went away from me
(Since you went away)

Since you went away from me
(Since you went away)
My whole life has made a change
Every day's a new day and I see
It was best for you and me
(It was best for you and me)

Since you went away from me
(Yeah)
My whole life has made a change
(Since you went away)
Every day's a new day
Since you went away
