Save me, save me, save me  
Save me, save me, save me

I'm going down, down for the third time  
I'm going down, down for the third time  
Drowning in tears from my heart that's hurting  
Drowning in tears from a love that's uncertain

I'm lost in a world without love, a sea of emptiness  
The love we knew is being washed away  
Don't think I can last, my heart is sinking fast

I'm going down, down for the third time  
Trying to hold on to a love that's mine  
Drowning in the love that keeps me grieving  
Drowning in the fear that my arms you're leaving

Bring back that love we knew  
Darling let me live again  
A little tenderness to me start showing  
Fill my heart with love till it's overflowing

I'm going down, down for the third time  
Trying to hold on to a love that's gone  
I'm going down, down for the third time  
So won't you save this heart of mine

Going down, down for the third time  
Going down, down for the third time  
I'm like a ship all alone on a raging sea  
You got me tossing and a turning  
And I can't get free

Reach out your hand for me  
Darling, save what's left of our love  
I'll forgive your lies and alibi's  
If you'll wipe my crying eyes

I'm going down, down for the third time  
So won't you save this heart of mine  
I've loved too long, I love too strong  
Now little boy you know you're doing me wrong

Come on and save me  
Come on and save me  
Come on and save me  
I'm going down, down for the third time
