Hey, everybody

Have fun again
I want you to have fun
Have fun again
I want you to have fun

Just like little children
Like the little children
Know how they have fun

Just like little children
Like the little children
Know how they have fun

Meanwhile back at the ranch
You're unhappy, now here's your chance
Don't you let the pressure appear
Make your lifestyle hectic all year

Have fun again
I want you to have fun
Have fun again
I want you to have fun

Just like little children
Like the little children
Know how they have fun

Just like little children
Like the little children
Know how they have fun

Money won't be enough
When the going gets tough, it's rough
Try to cuddle with your business
And you'll see that love is priceless

If you don't believe what I say
Just experiment one day
I think that you will agree
That we need some kind of relief, relief, relief

Have fun again
I want you to have fun
Have fun again
I want you to have fun

Just like little children
Like the little children
Know how they have fun

Just like little children
Like the little children
Know how they have fun

Have fun again
I want you to have fun
Have fun, have fun
Have fun again
I want you to have fun

Just like little children
Like the little children
Know how they have fun

Just like little children
Like the little children
Know how they have fun

Money won't be enough
When the going gets rough, it's tough
Try to cuddle with your business
You'll see that love is priceless

If you don't believe what I say
Experiment one day
I think that you will agree
We need some kind of relief, we need

Have fun, have fun again
Have fun
I want you to have fun
I want you to have fun again, have fun

Fun, fun, fun
Have fun
I want you to have fun
Have fun

Money, money won't be enough
I want you to have fun

Come on have fun
Have fun, have fun, have fun
Have fun, have fun, have fun

Come on have fun
Have fun, have fun, have fun
Have fun, have fun, have fun

Have fun, have fun, have fun
Have fun, have fun, have fun
Have fun

Come on have fun
Have fun, have fun, have fun
Have fun, have fun, have fun

Meanwhile back at the ranch
You're unhappy, now here's your chance
Don't let the pressure appear
Make your lifestyle

Come on have fun
Have fun, have fun, have fun
Have fun
Have fun, have fun, have fun

Come on have fun
Have fun, have fun, have fun
Have fun, have fun, have fun

Have fun, have fun, have fun
Have fun, have fun, have fun

Come on have fun
Have fun, have fun, have fun
Have fun, have fun, have fun

Come on have fun
Have fun, have fun, have fun
Have fun, have fun, have fun

Have fun, have fun, have fun
Have fun, have fun, have fun
Have fun

Come on have fun
Have fun, have fun, have fun
Have fun, have fun, have fun
