Roll down the gangway
So they'll see that it's me
I know they'll wonder
About my recovery

Yes, I lost a love
That promised happiness
What my heart wouldn't accept
Put me to the test

They keep a holding me down
But I rise, yes, it can be done
They keep a holding me down
But I rise, they can't make me run

Keep a holding me down
But I rise, got my second wind
They keep a holding me down
But I rise, tell 'em I'm back again

Just say
I ain't been licked
No, no, no
I ain't been licked

I ain't been licked
Tell 'em for me
I ain't been licked

Like outta nowhere
My whole world fell apart
Till this day no one knows
What I felt in my heart

All those precious things
Inside me tried to still
Hands I thought would help
Pushed me over the hill

Keep a holding me down
But I rise, yes, it can be done
Keep a holding me down

But I rise, they can't make me run

Keep a holding me down
But I rise, got my second wind
Keep a holding me down
But I rise, tell 'em I'm back again

Just say
I ain't been licked
I ain't been licked, no, no
I ain't been licked, no

I ain't been licked
Tell 'em for me
I ain't been licked

Keep a holding me down
But I rise just to start again
Rise, show 'em that I can
Rise, found a brand new dream
Rise just to prove one thing

Just say, I ain't been licked
No, no, no
I ain't been licked
No, no, no, no

I ain't been licked
Tell 'em for me
I ain't been licked
I want the world to see

I ain't been licked
Although my love is gone
I ain't been licked
Somehow I'll carry on

I ain't been licked
I'll find the strength somehow
I ain't been licked
I think I'm ready now

I ain't been licked
I ain't been licked, I ain't been licked
I ain't been licked
Ain't been licked, no, no

I ain't been licked
Yeah, yeah
I ain't been licked

I ain't been licked
Although my love is gone
I ain't been licked
Somehow, on, I'll carry on

I ain't been licked
I'll find a way somehow, somehow
I ain't been licked
I think I'm ready now

I ain't been licked
I ain't been licked, I ain't been licked, no, no
I ain't been licked
No, no

I ain't been licked
Oh yeah, yeah, yeah
I ain't been licked
I ain't been licked, I ain't been licked, no, no

I ain't been licked
Tell 'em for me
I ain't been licked
I know, I know, I know

I ain't been licked
I ain't been licked, I ain't been licked, no, no
I ain't been licked
I ain't been licked, no, no

I ain't been licked
