When I don't see you  
And I don't know where you've been  
There gets to be a question in my mind

It hurts to love you  
And the knife goes through the heart of me  
When you're gone I lose a part of me that's hard to find

Don't want to fall asleep without you  
Don't wanna wake, don't wanna wake up when you're  
gone  
I don't know what you do that makes me love you

But then love don't mean surrender  
And it's time I let it show  
You've got someone else in love with you  
And I deserve to know

You've been laying our  
Love on the line  
That's my suspicion  
When I see her in your eyes

Love undermined  
No ammunition  
I don't wanna love you paralyzed  
I don't wanna love you paralyzed

Some misty morning  
When she does the same to you  
When she makes you feel like I do  
That's the day

She can't have you  
She can't build a wall around you  
She can't love you like I love you  
Anyway

I know by midnight if you leave me  
No lies can make the difference  
More hearts get broken now than need be  
It's right to face the woman

That steal the away man  
If there's anything to get you back  
That I must do I can  
And our love will never be

Love on the line  
That's my suspicion  
When I can see her in your eyes  
In your eyes

Love undermined  
I'm on a mission  
I don't wanna love you paralyzed  
I don't wanna love you paralyzed

My life I won't surrender  
I'll find out where you go  
There's someone else in love with you  
And I deserve to know

And it's dying in the heart of me  
And our love should never be

Love on the line  
That's my suspicion  
When I can see her in your eyes  
In your eyes

Love undermined  
No ammunition  
Don't wanna love you paralyzed

Love on the line  
That's my suspicion  
When I can see her in your eyes

Love undermined  
And I'm on a mission  
I don't wanna love you paralyzed  
I don't wanna love you paralyzed

Love undermined  
That's my suspicion  
When I can see her in your eyes

Love on the line  
That's my suspicion  
When I can see her in your eyes
