They tell us it's better that people should stay
With their own kind
Divided by color
Afraid to be hurt by the other, yeah

What if we try talking
We'll see we're the same on the inside
Can't let it, can't let hatred rule
Let your love in

Only love can conquer all
Only love can break down the walls
Only love can conquer all

Only love
(Only love)
Only love
(Only love)
(Only love)
Oh yeah

The wheel keeps, keeps on turning
We pass all our fears to our children
Rule the playground
The lines are all drawn into colors
(Yes)

What if we, we try harder
What if we reach out to each other
(To each other)
Can't let it, can't let hatred rule
Let your love in, let your love in

Only love can conquer all
Only love can break down the walls
Only love can conquer all

Only love
(Only love)
Only love
(Only love)
Oh yeah

Oh, only love can conquer all
Only love can break down these walls
Only love can conquer all

Only love
(Only love)
Only love
(Only love)

Only love
(Only love)
Only love
(Only love)

Only, only, only
Only love
(Only love)
Only love
(Only love)

Only love
