So close  
When I look into your eyes  
So close  
I feel I'm hypnotized  
I wanna stay here  
For the rest of my life

So close  
When you smile at me that way  
So close  
It takes my breathe away  
I love you more  
With every beat of my heart

Ooh, I remember the night we met  
I knew I'd never, ever be the same  
Ooh, I remember the night you said you loved me  
In an instant my whole world changed

So close (closer and closer)  
Feel your body next to mine  
So close (closer and closer)

(closer and closer and closer)  
I'll lose a sense of time  
I wanna stay here for the rest of my life  
I wanna stay here for the rest of my life

Ooh, I remember the night we met  
I knew I never ever be the same  
Ooh, I remember the first time you said you loved me  
I love you darling  
In an instant my whole world changed

So close (closer and closer)  
Being here with you  
So close  
And there's nothing I'd rather do  
Than make you stay here  
And I'll keep you always so close

Closer and closer  
Come on closer to me boy
