When I think about all the love
And fun that we used to have
There's no doubt that I do miss your touch
And all the good times and the bad

But I, I realize that we were not meant to be
So I'll set you free
'Cause what they say
Doesn't apply to you and me

Some good things did come to an end
If you're ever down and out of need
I will be right here always
You have a friend in me

So call on me, even though we're apart
Even though we're apart
You'll always have a special place in my heart
You'll always have a special place in my heart

So, so they say
If it's right, it'll come back your way
I cannot lie, not this time
You've got yours and I'll get mine, mine

People used to say one day
You were gonna stray away
And break my heart in two
But it's all in the game of love
Sometimes you win or lose
Do what you gotta do

Can't say I regret that things
That I got and didn't get
I knew all alone inside I saw all the signs
Yet and still I went along for the ride

Some good things do come to an end
If you're ever down and out of need
I will be right here always
You have a friend in me

So call on me, even though we're apart
Even though we're apart
You'll always have a special place in my heart
You'll always have a special place in my heart

So they say
If it's right, it'll come back your way
I cannot lie, not this time
You've got yours and I'll get mine, mine
