You used to touch me  
Baby now your touch has turned so cold  
You used to want me  
Now baby, you just want to let me go  
I can see I'm losing you now  
And I don't wanna

No, I don't wanna be just  
Someone that you loved before  
Baby please don't let me be  
Someone you don't love no more

Tell me we can make it right  
'Cause I'll do anything  
To hold you in my arms and then  
Hear you say  
You're back in love with me again

Is it over?  
Baby are we over now for good?  
I know you're going if I can make you stay  
You know I would  
If I could just get through to you now  
'Cause I don't wanna

No, I don't wanna be just  
Someone that you loved before  
Baby please don't let me be  
Someone you don't love no more

Tell me we can make it right  
I'd do anything  
To hold you in my arms and then  
Hear you say  
You're back in love with me again

Baby can't we give it one more try  
'Cause I don't wanna be the one you leave behind  
Baby I

Baby tell me I can be  
Someone you could love once more

Tell me we can make it right  
'Cause I'll do anything  
To hold you in my arms and then  
And hear you say  
You're back in love with me again

Baby tell me I can be  
Someone you could love once more  
Tell me we can make it right  
'Cause I'll do anything  
To hold you in my arms and then  
And hear you say  
You're back in love with me again

Baby, you love me again
