Kiss... soul kiss...

If you wanna talk and you wanna laugh a while
Or you just want silence and a smile
If you wanna walk or just float along the Nile
If you wanna turn the day into something kind of night
All you have to do is breathe with your lips close to
mine
Oh, baby, that's the kinda love we've got
We don't have to look too far to try to find a love that
night

Soul kiss where love can't miss
We found a way to hold on to the wonders of a
Soul kiss kind of bliss
That finds its way straight into the one you love

If you wanna cry or just listen to your sighs
There's no judgement in these eyes
Boy, if you wanna fly or maybe settle in Versailles
We could just order pizza and roll around and start a
fire
All you have to do is breathe with your lips close to
mine
Oh, baby, that's the kinda love we've got

We don't even have to stop to check the clock we're so
on time

Soul kiss where love can't miss
We found a way to hold on to the wonders of a
Soul kiss kind of bliss
That finds its way straight into the one you love

Baby... soul kiss...
Kiss... soul kiss...
Hey, come on...

Soul kiss where love can't miss
We found a way to hold on to the wonders of a

Soul kiss kind of bliss
That finds it's way straight into the one you love

Kiss... kiss me... the soul kiss... straight into the one you
love

If you wanna walk.. if you wanna talk... if you wanna
fly... if you wanna cry

Kiss... come on... gimme a little soul kiss...
