Stay with me  
Stay with me  
Spend just one more day with me  
Maybe you can rearrange your plans

I know there's a whole new world to be found  
And it's to that world you're bound  
But please don't leave me standing here  
Stranded on the ground

Won't you stay with me?  
Stay with me  
Spend just one more day with me  
I can't bear to see it end this way

If I could spend one day with you  
It would last my whole life through  
And of all the nights, I've held you close  
Tonight's the night that means the most

So stay with me  
Just stay with me

I never thought that I would meet someone so beautiful  
Never thought I'd see a night like this  
'Cause if you know you're gonna lose someone so  
beautiful  
For the rest of your life, that's an awful lot to miss

So won't you stay with me?  
Stay with me  
Spend just one more day with me  
Maybe you can rearrange your plans

Won't you stay with me?  
Stay with me  
Spend another day with me  
I can't bear to see it end this way

I never thought that I would meet someone so beautiful  
Never thought I'd see a night like this, yeah  
'Cause if you know you're gonna lose someone so

beautiful  
For the rest of your life, that's an awful lot to miss

So won't you stay with me?  
I can't bear to see it end this way  
Won't you stay with me?  
Stay with me  
Stay with me

So, won't you stay with me?  
Stay with me  
Spend just one more day with me  
I can't bear to see it end this way

Stay with me  
Stay with me  
Spend just one more day with me  
I can't bear to see it end this way

Stay with me  
Stay with me  
Spend just one more day with me  
I can't bear to see it end this way
