Take me to that place, higher  
Go, hold on  
Go

Take me higher  
Take me higher

In my mind I see the possibilities  
When it comes to love there are no boundaries  
Do you think that you and I can work it out  
That's what true loves about

Baby we can find an answer  
If we look inside our hearts  
Love will be there waiting for us

Baby we can rise above it  
If we leave our doubts behind us  
We can learn to fly high above us

There's a place up in the sky  
Where the sun is shining  
Take me higher  
Take me higher

There's a place I long to be  
Where the birds are flying  
Take me higher  
Take me higher

See it on the news, theres trouble everywhere  
Gotta reach out show somebody that you care  
It ain't good to let the bad news get us down  
Let's spread some love around

Even if you want to go there  
To a place above the clouds  
Got to feel the power of love

Baby we can rise above it  
If we leave our doubts behind  
We can learn to fly high above us

There's a place up in the sky  
Where the sun is shining  
Take me higher  
Take me higher

There's a place I long to be  
Where the birds are flying  
Take me higher  
Take me higher

There's a place up in the sky  
Where the sun is shining  
Take me higher  
Take me higher

There's a place I long to be  
Where the birds are flying  
Take me higher  
Take me higher

You gotta reach out  
Feel the power of love  
Show somebody you care  
Take me

Oh baby  
Hey, hey  
Take me higher  
Take me higher

There's a place up in the sky  
Where the sun is shining  
Take me higher  
Take me higher

There's a place I long to be  
Where the birds are flying  
Take me higher  
Take me higher

There's a place up in the sky  
Where the sun is shining  
Take me higher  
Take me higher

There's a place I long to be  
Where the birds are flying  
Take me higher  
Take me higher

Take me higher  
Take me, take me  
Take me higher  
Take me higher

Take me higher  
Take me, take me, take me  
Take me higher  
Take me higher

Take me higher  
Take me, take me  
Take me higher  
Take me higher

Take me higher  
Take me, take me, take me  
Take me higher  
Take me higher

There's a place up in the sky  
Where the sun is shining  
Take me higher  
Take me higher

There's a place I long to be  
I want to go flying  
Take me higher
