(Erich Bulling)

The first noël, the angels did say
Was to certain poor shepherds in fields as they lay
In fields where they lay keeping their sheep
In a cold winter's night that was so deep

Noël, Noël, Noël, Noël
Born is the King of Israël

And they offered there with deep reverence
Their gold and myrrh and frankincense
And there they all sang with one accord
Their glorious praises to our Heavenly Lord

Noël, Noël, Noël, Noël

Born is the King of Israël

And by the light of a shining star
Three wise men came from country far
And the wise men three then stopped and stayed
At the holy place where the sweet Jesus lay

Noël, Noël, Noël, Noël
Born is the King of Israël
