Hey life, look at me  
I can see the reality  
'Cause when you shook me, took me, outta my world  
I woke up  
Suddenly I just woke up to the happening

When you find that you left the future behind  
'Cause when you find a tender love  
You don't need to take care of  
Then you better beware of the happening

One day you're up  
When you turn around  
You find your world is tumbling down  
It happened to me and it can happen to you

I was sure, I felt secure  
Until love took a detour, yeah!  
Riding high on the top of the world it happened  
Suddenly it just happened  
I saw my dreams torn apart  
When love walked away from my heart  
And when you lose a precious love you need to guide  
you  
Something happens inside you, the happening

Now I see life for what it is  
It's not a dream  
It's not a bliss  
It happened to me and it can happen to you  
Ooh, and then it happened  
Ooh, and then it happened  
Ooh, and then it happened

Is it real?  
Is it fake?  
Is this game of life a mistake?  
'Cause when I lost the love  
I thought was mine for certain  
Suddenly it starts hurting  
I saw the light too late

When that fickle finger of fate  
Yeah! It came and broke my pretty balloon  
I woke up  
Suddenly I just woke up

So sure, I felt secure  
Until love took a detour  
'Cause when you got a tender love  
You don't take care of  
Then you better beware of  
The happening
