So winter froze the river
And winter birds don't sing
So winter makes you shiver
Well, time is gonna bring you spring

So he swears he'll never marry
Says that cuddles are a curse
Just tell him plain, you're on the next train
If love don't get there first

Time and love, everybody, time and love
Nothing cures like time and love
Don't let the devil fool you, here comes a dove
Nothing cures like time and love

Well, winter froze the river
And winter birds don't sing
So winter makes you shiver
Time is gonna bring you spring

You've been running, you've been rambling
And you don't know what to do
A holly golden wager says
That love will see you through

Time and love, everybody, time and love
Nothing cures like time and love
Don't let the devil fool you, here comes a dove
Nothing cures like time and love
Time and love

Jesus was an angel
And mankind broke His wing
Jesus gave His lifeline
So sacred bells could sing

Now a woman is a fighter
Gather white or African
A woman is a woman inside
Has miracles for men at night

Time and love, everybody, time and love

Nothing cures like time and love
Don't let the devil fool you, here comes a dove
Nothing cures like time and love
Time and love, sing it now

Time and love, time and love
Nothing cures like time and love
Don't you let the devil fool you, here comes a dove
Nothing cures like time and love
