Touch me in the morning  
Then just walk away  
We don't have tomorrow  
But we had yesterday

(hey!)

Wasn't it me who said that  
Nothing good's gonna last forever?  
And wasn't it me who said  
Let's just be glad for the time together?  
It must've been hard to tell me  
That you've given all you had to give  
I can understand you're feeling that way  
Everybody's got their life to live

Well, I can say goodbye in the cold morning light  
But I can't watch love die in the warmth of the night  
If I've got to be strong  
Don't you know I need to have tonight when you're  
gone?  
'till you go I need to lie here and think about  
The last time that you'll touch me in the morning  
Then just close the door  
Leave me as you found me, empty like before

(hey!)

Wasn't it yesterday  
We used to laugh at the wind behind us?  
Didn't we run away and hope  
That time wouldn't try to find us (didn't we run)  
Didn't we take each other  
To a place where no one's ever been?  
Yeah, I really need you near me tonight  
'cause you'll never take me there again  
Let me watch you go  
With the sun in my eyes  
We've seen how love can grow  
Now we'll see how it dies

If I've got to be strong  
Don't you know I need to have tonight when you're  
gone?

'till you go I need to hold you until the time  
Your hands reach out and touch me in the morning  
(mornings where blue and gold and we could feel one  
another living)  
Then just walk away  
(we walked with a dream to hold and we could take  
what the world was giving)  
We don't have tomorrow,  
(there's no tomorrow here, there's only love and the  
time to chase it)  
But we had yesterday  
(but yesterday's gone my love, there's only now and it's  
time to face it)  
Touch me in the morning...
