Who would have ever thought
The day could ever come
When we would see a love like this
Fall into pieces

And it hurts me to know that now until then
I'll only have these memories

And now there's no time left to pretend
And it feels like it's the end
But you're always in my heart
Until we meet again
Now I have to let you go
There's no way we can be friends
But you're always part of me
Until we meet again

Why while our love was strong
We still couldn't make it?
Did time have to take our lives
In different directions?

And it hurts 'cause there's no way for me to reach you
We're so far apart, when did we grow so far apart?

And now there's no time left to pretend
And it feels like it's the end
But you're always in my heart
Until we meet again
Now I have to let you go
There's no way we can be friends
But you're always part of me
Until we meet again

Oh, deep in my heart, I know
I'll see you again
Well, I don't know where or when
But till then

And now there's no time left to pretend
And it feels like it's the end
But you're always in my heart

Until we meet again
Now I have to let you go
There's no way we can be friends
But you're always part of me
Until we meet again
