Me Find Body Mind
Weak Strong True
Warm Real
Touch Feel
Mind Love You

We are every season
You are every reason
Thank you baby 'cause you
You made me believe

I could believe
In me once again
I'm free once again
You make this world
A better place
Give me your hand
I want to face it again

I got life
I got love
I got you

MeÃ¸?Â!
I needed the simplicity of love

FindÃ¸?Â!
Never dreamed that I find that kind of depth for what
we have today

BodyÃ¸?Â!
For the closeness of our bodies

MindÃ¸?Â!
Is a beautiful expression of the intimacy as we share in
our minds

WeakÃ¸?Â!
And because we are willing to acknowledge each
others human weakness

StrongÃ¸?Â!

We are able to find the strength we need for our love to
grow

True

From attraction, to closeness, to companionship as our
new phase

Warm

For that kind of love is as true as the warmth of the sun

Real

And is as real as a child's tear

Touch

'Cause that's something I can touch, something you
can't explain

Feel

But something you can feel

I got life

I got love

I got you

Me

You just need to be there

Find And babe then you find me there

Body Love my body

Mind And live live in my mind

Weak Together we'll find

Strong Where we can be strong

True True love 's never wrong

Warm You make me warm

Real You make me real

Touch Now I can touch

Feel What I feel in my heart

I got life

I got love

I got you

Me Mind Body..

You're weak and your strong

Strong, True
