I'll do, I'll do, I'll do

We have been together much too long  
God has given us a special bond  
Let's take it and make it last forever

Do, do, do

You have given me so much respect  
You put your love for me above all else  
Understand, you're my man  
Can't wait to show you

What I'll do when I say, "I do"  
I'll do it just for you  
And you're gonna love it

I'll do, I'll do, I'll do

Think it's time for us to set a date  
So much harder for us both to wait, so long  
It's getting strong and I can't hold it

I know this kind of love is heaven sent  
And I've got faith that this was always meant to be, you  
and me  
And I can't wait to show you

What I'll do when I say, "I do"  
I'll do it just for you  
And you're gonna love it

What I'll do when I say, "I do"  
You know my love is true  
And you're gonna love it

Do, do, do

What I'll do  
Do, do, do

I've got a vision of passion's burning fire

I've made a decision to give you all you desire  
I've been thinking 'bout loving you all night  
I've been thinking 'bout loving you  
I can't wait to show you

What I'll do when I say, "I do"  
I'll do it just for you  
And you're gonna love it

What I'll do when I say, "I do"  
You know my love is true  
And you're gonna love it

What I'll do
