[CHORUS]

That special tear I she'd says you're a part of me.
Thoughts of you running thru my head says you're a
part of me
I'm satisfied to know that you're a part of.
All I want to say is
All I want to say is
That I love you you
'Cause you're that very special part of
Everytime you look into my eyes
Can't you see what you mean to me
Everytime you hear me speak your name
Can't you tell what you mean to me?

[Repeat CHORUS]

In the morning I wipe the sleep from my eyes
But I can't wipe away what feel inside
Can't find a cure for not having you around
I've search far and near
But the cure just can't be found
You can't move the mood you can; 't stop the passing
time
Ain't it plain by now you can't move this love of mine?
Just as simple as a nursery rhyme
All I want tio say is
All I want to say is
That I love you
And words can not explain
I love you
Ina very special way
I love you everytime I she'd that special tear
I love you everytime
Everytime that you are near
