CHORUS:

I'm gonna make it, I will wait for you
I'm gonna make it, I will wait for you

When you went away,
There's nothin' I could say
And now, I feel the hurt comin' over me
Wishin' you were here,
Thinkin' 'bout you, dear
Every night and day the way it used to be

Although it's been so long
Since you were by my side,
I'll keep holding on
I won't let this love die

CHORUS

Every girl has a dream of happiness
But all I dream of is your sweet caress
I just can't tell you how I miss you so
But all my love, I won't let go

CHORUS

Everywhere I go,
The tears begin to flow
'Cause I pass by every place we used to meet
And when I'm home alone,
My friends call me on the phone
They all say that you will not return to me

I know you're gone without me
Although I don't know where
I know you're thinkin' 'bout me
I feel it in the air

I'm tryin' not to let another take your place
Even though the loneliness is on my face
You can't let someone take what they don't own
Baby, I'm yours, so please come home

CHORUS BREAK CHORUS (repeat and fade out)
