There is a chance
That I won't repeat the lessons that I've learnt
Instead I'll make the same mistakes
Pretend for me, don't prove me wrong

I broke my legs falling so now I'm standing still
When this pain don't hurt, I'll stop holding on

I'll hit and run
Pouring diamond clouds and cobwebs reign the sky
In spite of that I'll stay dry, I'll keep hanging on your
threads
Still afraid of spiders

There is a liar inside my head
That's scared to death to face the truth
Is this a one way street of promises
You'll have to lie to keep

I'm broken wide open, your safety catch is on
And as my hunger feeds, I can barely breath

Sweet suicide
The black widow drains the blood of butterflies
Survival's living proof that keeps me hanging on your
threads
Still afraid of spiders, afraid of spiders

Is there more to love than simply because
?Cause pain can hurt it the name of love
Simply because it does

So, if I kissed you now, would kiss me back?
Pouring diamond clouds and cobwebs from the sky
Yeah, yeah, yeah, yeah

I'm afraid to let go, afraid to be alone
Afraid to give, afraid to own

I'm still hanging on your threads
Hanging on your threads
Hanging on your threads

Still afraid of spiders, oh yeah, afraid of spiders

Oh, I'm afraid to let you go
I'm afraid to watch you go
Say it, why won't you say it?
Say it, say you love me still

I'm afraid to watch you go
Say it, why won't you say it?
Say it say you love me still

Oh, I'm afraid
