What goes on in your mind  
Dont say i'm the jealous kind  
Think of all the promises we made now  
You might find another girl living in your different  
world  
Hoping that your memory wont fad enow

Watcha gonna do when the miles are growing  
And you cant get with me  
Watcha gonna do without me knowing -please baby  
please:

(Chorus) - Dont forget to remember  
When you leave my side i'll be thinking of you  
Dont forget to remember  
Every day and night i'll be dreaming of you

i'll will be thinking of you - i will be dreaming of you

Gotta love built to last - Is the future not the past  
Give me all these doubts inside my mind now  
Though i know the way i feel is 100% real  
I wonder -Can you stand the test of time now?

Watcha gonna do when the smiles arent flowing -and  
you cant get with me?  
Watcha gonna so without me knowing? -please baby  
please:

Chorus x1

Im giving in to such a strange sensation  
Missing you so tenderly  
Whats needed here is all your good vibrations  
please baby please baby come back to me

Chorus x 2

I will be thinking of you - i will be dreaming of you

Dont forget to remember x 4
