C'mon c'mon remix
C'mon c'mon
Something deep inside
The first time that it crossed my mind
I kept on pushing it aside
It's such a strong emotion
Second time was plain to see
This feeling's rushing over me
Oh yeah
And unknown to me
This chemistry is
Something deep inside
I can feel but I can't touch
Can never get too much
I hear you loud and clear
I've got nothing to fear
Your love will be my guide
I've never been this satisfied
It's something deep inside
C'mon c'mon
The third time was just as sweet
Boy you make my life complete
Every thought and motion
It's hard just telling you
But everything I feel is true
Oh yeah
And unknown to me
This chemistry is
Something deep inside
I can feel but I can't touch
Can never get too much
I hear you loud and clear
I've got nothing to fear
Your love will be my guide
I've never been this satisfied
It's something deep inside
C'mon c'mon
It's crossed my mind it's crossed my mind
So if you follow emotion
The love and devotion you'll find
Chorus x3
