Pain myself into your corner
A thousand miles from here and now
No reflections to hold me down
Let's look around, do I belong?

Space electric blue is calling
A northern star on my credit line
Running short of it here on borrow time
You blow my mind, out of control

I feel my ship is sinking yeah I'm giving in
Afraid to fly afraid to fall in love
On a kaleidoscope of roller coasters
Won't look down 'cause fear I've found
Takes me to an all-time low
On a mountain of, I don't know
You give me vertigo

Sleeping satellites are waking
Turning cycles in my head
Information highway leave me ashtray, it's okay
But I don't wanna know where I'm going 'til I get there

I feel my ship is sinking yeah I'm giving in
Afraid to fly afraid to fall in love
On a kaleidoscope of roller coasters
I won't look down 'cause fear I've found
Takes me to an all-time low
You give me vertigo

[Incomprehensible] match stick people
Saw it's ground as earthquake [Incomprehensible]
I've crash landing on the cloud balloon
So let's leave this plane
Sky dive away, sky dive away

I feel my ship is sinking yeah I'm giving in
Afraid to fly afraid to fall in love
On a kaleidoscope of roller coasters
I won't look down 'cause fear I've found
Takes me to an all-time low
On a mountain of, I don't know

Don't let go, oh no
It's vertigo, oh oh no
Don't let me go, oh no no
Take me, take me, take me
I'm yours
