Some people wake up, scared of living the dream
They settle for anything
Some wanna live an airbrushed world, like the cover of
a magazine
But I believe in thunder bolts and butterflies
When you look into my eyes
I pray tonight the wish won't fail
Click my heels, got a real life fairytale

[Chorus]

If Cinderella was here tonight
She wouldn't walk out the door leaving you behind
Midnight calling but she don't care
She'd be a fool not to follow you everywhere
Because for you I would lose both, both of my shoes
Day or night, see the light
It's all I wanna do

Some people get lost, looking up at the sky
Waiting for shooting stars
Some never take their eyes off the sidewalk
they never take a step too far
But I believe the planets and the stars align
When you look into my eyes
I pray tonight the wish won't fail
Click my heels got a real life fairytale

[Chorus 2]

If Cinderella was here tonight
She wouldn't walk out the door leaving you behind
Midnight calling but she don't care
She'd be a fool not to follow you everywhere
Because for you I would lose both, both of my shoes
Day or night, see the light
Walking home with you
For you I would lose both, both of my shoes
Day or night, see the light
It's all I wanna do

[Bridge]

Three AM, kissing in the corner
Four AM, running from a doorman
Five AM, dancing in the street light
Just in time for us to see the sunlight

[Chorus 3]

If Cinderella was here tonight
She wouldn't walk out the door leaving you behind
Midnight calling but she don't care
She'd be a fool not to follow you everywhere
Because for you I would lose both, both of my shoes
Day or night, see the light
Walking home with you
For you I would lose both, both of my shoes
Day or night, see the light
It's all I wanna do
