Tonight you feel cursed,
And the music will only make it worse.
Tonight you feel free yeah,
Close your eyes and count to three.

Tonight, our feet are moving to a different beat.
It's alright,
I've always liked my romance bittersweet,
It's what i need yeah.

Some girls wanna dance in the spotlight,
Some girls just kiss and tell.
Some girls wanna movie moment,
Waiting by the wishing well.
Don't need to make you love me,
I got myself and I want to make music to make the boys
cry.
Make the boys cry, make the boys cry.

I like when it rains,
And the thunder is running through my veins.
I wanna switch off stars,
I've always liked them better in the dark.

And tonight i feel like diving in and going deep.
It's alright,
I've always liked my romance bittersweet,
It's what i need yeah.

Some girls wanna dance in the spotlight,
Some girls just kiss and tell.
Some girls wanna movie moment,
Waiting by the wishing well.
Don't need to make you love me,
I got myself and I wanna make music to make the boys
cry.
Make the boys cry, make the boys cry.

i want to make music to make the boys cry...

Right now,
There's a change in the room,

Can you feel it?
Right now,
There's an epic story.
Right now,
I can see why you came here tonight.
Right now,
I don't know why i'm walking awayyyyyyyyyyy.

yeah, yeah, yeah

I, I, I, I want to make music to make the boys cry...

Some girls wanna dance in the spotlight,
Some girls just kiss and tell.
Some girls wanna movie moment,
Waiting by the wishing well.
Don't need to make you love me,
I got myself and I want to make music to make the boys
cry.

Some girls wanna dance in the spotlight,
Some girls just kiss and tell.
Some girls wanna movie moment,
Waiting by the wishing well.
Don't need to make you love me,
I got myself and i want to make music to make the boys
cry.
Make the boys cry, make the boys cry.

I want to make music to make the boys cry...
Make the boys cry, make the boys cry
I want to make music to make the boys cry...
