Seems I've got a pretty good life The Good Lord who
loves me and a good lovin' wife Three kids I cherish
two dogs I adore I've got it all within these two doors
My mother and father for bringin' me life though we
haven't always seen eye to eye they made sure Jesus
was part of my life seems I've got a pretty good life Me
and my sisters we fought now and then but now that
we're older seems we're more like friends We share
this family we share this time seems we've got a pretty
good life Seems I've got a pretty good life The Good
Lord who loves me and a good lovin' wife This music
I'm playin' it's just stuff I life Seems I've got a pretty
good life
