Rock a by baby  
My black coppered penny, of love,  
Cheap ass love  
My pockets are empty  
My burdens are plenty,  
But I got, cheap ass love

To wake me up in the morning  
To sing my song when I'm lonely  
No I don't need, I don't need  
I don't need love when I got you in my hand

Georgy oh Georgy you ate all my pudding and pie  
Was so sly  
My two little fingers  
Wrapped tight round a trigger  
Oh why baby why

Did you wake me up in the morning  
I'll rather die with no awning  
Now 1 2 3 feels like an eternity,  
When I'm here holding your hands

Ooh-ooh ooh-ooh ooh-ooh ooh-ooh

So don't wake me up in the morning  
Don't you bitter me when I'm lonely  
Cuz I don't need, I don't need  
I don't need love when I got you in my hand

Rock a by baby  
My black coppered penny, of love,  
Cheap ass love  
My pockets are empty  
My burdens are plenty,  
But I got, cheap ass love
