Cut the cord, make amends
This is where our story ends
No more promises to keep,
When a dandelion blows
Somewhere else another grows
Bigger, prouder everyday

Oh maybe I will see your face
Every now and again
Maybe when the wind chimes dance
On my window pane
I know that I could win this race
Every now and again
But nothing's going to change this phase,
Noo ohh-wu oh ooh oh ooh

Maybe with a crystal ball
Am I gonna show it all?
Cuz I got promises to keep
When an open probe
Is a heavier load
But I told you not to worry 'bout me
Close your eyes and phone? to see

And maybe I will see your face
Every now and again
Maybe when the wind chimes dance
On my window pane
I know that I could win this race
Every now and again
But nothing's going to change this place,
Noo ohh-wu oh ooh oh ooh

Dry your tears
Cuz we got stories we can tell
We got holes that we can fill up
With our dreams, with our dreams
Ooh ooh

And maybe I will see your face
Every now and again
Maybe when the wind chimes dance

On my window pane
I know that I could win this race
Every now and again
But nothing's going to change this place,
Noo ooh-wu oh ooh oh ooh
