The days not long enough
From the moment I get up
Til I turn out the lights
I'm running behind
Never seem to make it through
This long list of things to do
It just grows and grows
And God only knows
How time moves fast
Just like that life goes on
And I just wanna

Chorus:
Stand still
Let the world spin around me
A million miles an hour
I wanna slow down until
I can catch my breath
Oh I haven't yet
But I will
Stand still

Don't wanna hear a cell phone ring
I'm dusting off that front porch swing
Starting right now I need to learn how
Stop and watch the clouds roll by
Count the birds and the butterflies
Trees in the wind
Feel the sun on my skin
As time moves fast
Just like that
Life goes on
And I just wanna

Chorus:
Stand still
Let the world spin around me
A million miles an hour
I wanna slow down until
I can catch my breath
Oh I haven't yet

But I will
Stand still

Chorus:
Stand still
Let the world spin around me
A million miles an hour
I wanna slow down until
I can catch my breath
Oh I haven't yet
But I will
No I haven't yet
But I will
Stand still
Stand still
