You can have the house, you can have the car
Keep everything I gave ya, including that guitar
You can eve have our table at our favourite resturant
It's all yours,
There's just one thing I want

Chorus:

I'm taking back my heart - it's all I really need
I'm taking back my heart - because I still believe
That love was meant to be something you don't betray
I'm taking back my heart to love again someday

Take the bank account I know there's not much in there
The credit cards all yours, I'll gladly pay my share
The stereo, the cd's, the tickets to Clint Black,
Just one little item I want back...

Chorus:

I'm taking back my heart - it's all I really need
I'm taking back my heart - because I still believe
That love was meant to be something you don't betray
I'm taking back my heart to love again someday

You can have custody of all of our friends
The goldfish, the dog and the bird
Brand new tv, that ring you gave me
You can even have the last word

Chorus:

I'm taking back my heart - it's all I really need
I'm taking back my heart - because I still believe
That love was meant to be something you don't betray
I'm taking back my heart to love again someday
