I fell head over heels in love with you last night  
After all those Mr.Wrongs I found Mr.Right  
I was just about to settle in  
When I got those feelings again  
The next thing that I knew I had on my walking shoes

Chorus:

There I go again, won't somebody please help me  
This merry-go-round that I'm on  
Has got me wak in the knees  
Running from the kind of love I wanted to fall in  
I don't know where, how, why, what, or when  
But there I go again

I've tried therapy, psychology, and wine  
They all tell me there's a cure for my state of mind  
But they don't know what their talking about  
Cause when I work at working things out  
My diagnosis be there's nothing wrong with me

Chorus:

There I go again, won't somebody please help me  
This merry-go-round that I'm on  
Has got me wak in the knees  
Running from the kind of love I wanted to fall in  
I don't know where, how, why, what, or when  
But there I go again

This situatio is full of complication  
But through the aggravation  
I think I've found my destination  
There I go...

Chorus:

There I go again, won't somebody please help me  
This merry-go-round that I'm on  
Has got me wak in the knees  
Running from the kind of love I wanted to fall in  
I don't know where, how, why, what, or when  
But there I go again  
No I don't know where, how, why, what, or when

But there I go again, There I go
