"Jimmy Kiss And Run"

Jimmy, Jimmy why do you kiss and run?
Jimmy, Jimmy, kiss and run
You make me lonely
I go out with no one else
I want you only
Jimmy, Jimmy, kiss and run
You're the one I'm dreaming of

Everyone but you can see
How I adore you
Though you kiss and run from me
I'm running for you
Jimmy, Jimmy, kiss and run
Tell me why you run from love

Did somebody hurt you?
You're so afraid to fall
How could I desert you?
Why hide your heart behind an iron wall?

Someday I will find a way
To face so clearly
That my heart right from the start
Was yours sincerely
When my Jimmy, kiss and run
Maybe you will stay with me

When my Jimmy, kiss and run
Maybe you will stay with me
