You don't stop
You don't stop

I remember when I saw you baby
Your looking real cool and sexy
You got me wondering if you saw me maybe
Oh yeah, babe

Everything you're doing's got me changing my mood
I got a new attitude
That's saying something for me

Cause I was that girl
Standin alone
Watching every move you make
Wishing you would take me home

Because of you
I've no sense of time
I'm losing my mind
I've left the little girl behind

Because of you
The woman in me
Is setting me free, yeah
Livin out my fantasy
Because of you

Do you thing there was a chance that we could get
together?
The kind of lovin' that could last forever
Come rain or shine no matter what the weather
Oh yeah, babe

Wondering it's time I should be makin my move
I really wanna get you into my grove
Come and see me I got something to prove

Caus I was that girl
Quiet and shy
Scared to say a word to you
Hoping I would catch your eye

Because of you
I've no sense of time
I'm losing my mind
I've left the little girl behind

Because of you
The woman in me
Is setting me free
Livin out my fantasy
Because of you

Caus I was that girl
Standin alone
Watching every move you make
Wishing you would take me home

Because of you
I've made my move

Because of you
I'm feelin free

Because of you
I've no sense of time
I'm losing my mind
I've left the little girl behind

Because of you
The woman in me
Is setting you free
Livin out my fantasy

Because of you
I've no sense of time
I'm losing my mind
I've left the little girl behind

Because of you
The woman in me
Is setting me free
Livin out my fantasy

Because of you
