"Walk Softly"

Walk softly when you walk by me cause my heart is still
don't shake it up
Now that I've cried my love to sleep don't wake it up
don't wake it up
Now that I've cried my love to sleep don't wake it up
don't wake it up

If I seem distant and reserved when you need don't
take the time to ask me why
Cause it's bad enough that I've lost you
Don't make it rough just say hello and goodbye
Walk softly when you walk by me...

I fall apart each time I look in your eyes remembering
things I should forget
My love's a spark but it could burst into flames cause
I'm not over you yet
Walk softly when you walk by me...
