Yeah thought you had me played huh  
Well check this out yeah  
See all those times you thought you had me  
Fooled yeah  
You were wrong 'cos I knew this is for you

This is for all the times you did me wrong  
And all the lady friends you strung along  
I don't ever want to see you cry  
But I'm tired of your lies  
This is for all the things you put me through  
When lord knows I gave my all to you  
No more in and out of my life  
Now's the time I do things right

You can have  
You can have all your money  
You can keep all your lies  
Keep all your lies  
You can take all of the games you played  
Cos' baby I'm saying bye bye  
Baby I'm saying bye bye  
You can have all your money  
You can keep all your lies  
Keep all your lies  
You can take all of the games you played  
Cos' I'm saying bye bye baby

Whatcha gonna do when  
I'm over you and  
I wanna know baby  
Whatcha gonna do  
Whatcha gonna do when I'm gone  
Whatcha gonna do when  
I'm over you and  
I wanna know baby  
Whatcha gonna do  
Whatcha gonna do when I'm gone

Now that I'm done trading things with you  
I'm wondering who your friends are calling a fool  
I must have been blind to let you in my life

Telling my friends I've found mr right  
I'm so much stronger now that I've left you  
You wouldn't believe the changes I've been through  
It won't happen to me again I'd rather keep hanging  
Out with my friends

You can have  
You can have all your money  
You can keep all your lies  
Keep all your lies yeah  
You can take all of the games you played  
Cos' baby I'm saying bye bye  
Baby I'm saying bye bye  
You can have all your money  
You can keep all your lies  
Keep all your lies  
You can take all of the games you played  
Cos' I'm saying bye bye baby

Whatcha gonna do when  
Whatcha gonna do  
I'm over you and  
Tell me baby  
Whatcha gonna do  
Whatcha gonna do when I'm gone  
Whatcha gonna do when  
I'm over you and  
Let me know  
Whatcha gonna do  
Whatcha gonna do

Oh I used to cry myself to sleep at night  
Cos you never gave a damn about me  
So many rumours I could write you a song  
Of how you keep on doing me wrong  
Whatcha gonna do when I'm gone

Whatcha gonna do when  
I'm over you and  
Whatcha gonna do  
Whatcha gonna do when  
I'm over you and  
Whatcha gonna do  
Repeat to end

Even though I hate to leave boy  
For I cry as I walk out the door  
I'm saying bye bye  
Bye bye bye baby

Even though I hate to leave boy

For I cry as I walk out the door  
I'm saying bye bye  
Bye bye bye bye baby  
Gone
